PROFESSIONAL SUMMARY

Junior Full Stack Developer recently graduated in Cross-Platform Application Development (DAM). During my studies I worked on real projects using Java, Spring Boot, Angular and Docker, focusing on clean architecture and good development practices. Currently looking for my first professional opportunity, open to on-site work, remote or hybrid

EXPERIENCE

- Software Developer Feb. 2026 – May 2026
Atos
Internship · 4 months · Santa Cruz de Tenerife · Hybrid
Internship corresponding to the DAM Higher National Diploma, carried out in the professional development environment of Atos.

PROJECTS

- SnippetVault May 2026 – Jun. 2026
Spring Boot · Angular · PostgreSQL · Docker
Full-stack web application for managing code snippets with JWT authentication, syntax highlighting, collections and public sharing with a unique URL.
github.com/Olivermunozcruz/snippetvault
- WriteSense Feb. 2026 – May 2026
Python · Flask · SQLite · PyInstaller
Cross-platform desktop app for keyboard usage analytics, locally encrypted, with a GDPR-compliant consent system and automated tests.
